DETAILS:

A. GENERAL ACTIVITIES OF THE NATIONAL RENAISSANCE PARTY (NRP)

T-1, of known reliability, advised in October, 1953 that during the Summer of 1953 the NRP held public street meetings at various street corners in the Yorkville Section of New York City. He stated that these meetings were held on Friday evenings and were conducted by the NRP's leader, JAMES MADOLE.

He stated that at these meetings, MADOLE and other speakers, who varied from week to week, made anti-Semitic, pro-Fascist statements, and that Party literature was distributed. He stated that the last public outdoor meeting was held on October 16, 1953 and that since that time the Party has been attempting to find an indoor meeting hall but so far has not been successful.

This informant further indicated that FREDERICK WEISS, who is the real power behind the NRP, has recently indicated to MADOLE that he must get a new printer for his publications. The informant stated that WEISS no longer wanted or would permit MADOLE to use [redacted] who formerly had published the National Renaissance Bulletin.

This informant stated that, whereas [redacted] would not be allowed to do the Party's printing, it was unlikely that any printing would be done at the present time as it was unlikely that they would be able to obtain a new printer.

The informant stated that WEISS and MADOLE were no longer in contact with [redacted] who,

NY 105-6112

the informant stated, was a person in Kenosha, Wisconsin, who was alleged to represent the wealthy group interested in furthering National Socialism.

He stated that MADOLE had gone to Chicago in August, 1953 and had conferred with [redacted] regarding a proposed tour through the Midwest which [redacted] would finance. The informant stated that upon MADOLE'S return from that meeting it was apparent that [redacted] had not been impressed by MADOLE and was no longer interested in utilizing him in this proposed tour. The informant stated that soon thereafter WEISS had received a letter from [redacted] stating that he was going to Canada and that WEISS should destroy all correspondence received from him and forget that he had ever been in contact with WEISS or MADOLE regarding these matters.

The informant stated that so far as he knows there has been no further contact with [redacted] and he believes that [redacted] group is no longer interested in the NRP.

This informant stated that within recent months the complexion of the NRP had changed in that several new leaders had arisen and were taking an active part in all of the Party's activities. He stated that [redacted] and [redacted] whom he understood to be Communist Party members, had recently joined the NRP and now were in positions of leadership.

The informant further added that it was his belief and he had heard rumors that these two persons were in the employment of one JAMES SHELDON who is Head of the Non-Sectarian Anti-Nazi League in New York City. He stated he knew nothing further concerning the reasons for this or what SHELDON'S

NY 105-6112

connection with the NRP was.

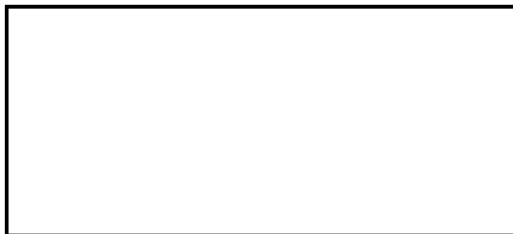

He did state that within the past few weeks, according to the "Newark Observer", SHELDON had given a speech before a Jewish women's group in New Jersey at which he stated the NRP had a membership of 7,000 in New York and a large membership throughout the country and that it was a great menace to the security of the country.

T-1 advised in January, 1954 that the NRP continues to list its national headquarters at 224 East Main Street, Beacon, New York, which is the home of JAMES H. MALOLE, who has been the leader of this organization since its inception.

He stated that Party literature lists the New York Headquarters of the NRP as 54 Audubon Avenue, New York City. [REDACTED]

This informant stated that it is becoming more and more apparent that the Communist Party element which entered the subject organization in the Spring of 1953 is acquiring complete control of the Party and its policies.

The informant listed the persons whom he believes were connected with the Communist Party as:

NY 105-6112

He stated that he believes that all of these people are working under the direct control of and with the financial backing of JAMES SHELDON.

He stated that with the coming to power of these Communist elements in the Party the NRP line has been altered and is now almost completely one of anti-Semitism, whereas formerly it was strongly Nationalistic as well as pro-German.

T-1 stated that he believed that it was possible that SHELDON was fostering this group on one hand and propagandizing it as a threat to national security, while on the other hand he was assertedly combating such elements with his Anti-Nazi League and thereby was profiting financially.

The informant added that WEISS, who has been a constant supporter of the NRP and has advised MADOLE for many years, is supporting [redacted] in his attempt to get control of the Party from MADOLE. He stated that WEISS has furnished both money and counsel to [redacted] in this endeavor.

The informant stated that [redacted] has recently been busily engaged in sending out letters to members of the Party as well as other individuals in the New York City area praising the work done for the NRP by [redacted] and signing MADOLE'S name to this literature without MADOLE'S consent.

T-1 advised in May, 1954 that the NRP which formerly had its national headquarters at Beacon, New York, has moved to 10 West 90th Street, New York City, which is the apartment of JAMES MADOLE and his mother, GRACE MADOLE.

NY 105-6112

The informant stated that MADOLE did not desire to have Party correspondence sent to this address and had attempted to obtain a post office box at 208 East 86th Street, New York City, but that the owners of this establishment, Kerekes Book Store, had refused on the grounds that the NRP was a political organization.

T-1 stated that a great deal of Party literature contains the address of [redacted] and that a great volume of the Party's correspondence is sent to this address.

T-1 further stated that although the Party literature continues to carry MADOLE'S name as the National Leader and he is referred to as such by the members of the Party, that in fact, [redacted] and WEISS completely dominate him and control the activities of the Party.

T-1 stated that a great deal of mail and contributions which [redacted] receives at his apartment are never seen by MADOLE.

He also stated that WEISS, by means of controlling his contributions to MADOLE and the Party publications, is able to control MADOLE'S activities.

He stated that in recent months the mailing of anti-Semitic literature by the Party has been greatly increased and also that members of the Party, particularly [redacted] and [redacted] have been sending a considerable amount of personal letter to individuals requesting contributions.

NY 105-6112

T-1 stated that Party meetings in the past few months have been confined to small groups held at apartments of the members, and a considerable number of these meetings have been held at [redacted] on Thursday nights, and were attended by approximately ten people. He stated, however, that since MADOLE obtained an apartment in New York City in May, 1954, these meetings had been held at his apartment and extensive plans are being made by MADOLE for the holding of outdoor street meetings this Summer in Brooklyn, Queens and Manhattan.

T-1 stated in May, 1954 that WEISS has been attempting to send [redacted] on a tour of Southeastern United States on behalf of the NRP and it is WEISS'S intention to utilize [redacted] for personal contacts with many persons who are known to be sympathetic with National Socialism in an effort to secure additional members for the NRP as well as financial support.

T-1 also indicated WEISS had expressed the desire to send [redacted] to Europe to visit Germany, Spain, Sweden and possibly the Middle East for the similar purpose of contacting persons sympathetic toward National Socialism.

The informant stated WEISS indicated he would be willing to spend \$1,000 for this trip which it is contemplated, would take place after [redacted] returns from his United States tour.

T-1 stated the finances for the Party's activities appear to be furnished by WEISS, although the Party does receive small contributions from other individuals. He stated WEISS pays for all the publishing costs of NRP literature and, in addition, gives a considerable

NY 105-6112

amount of money to MADOLE and [] for the work that they do for the Party as well as for their own personal living expenses. He stated that WEISS also pays the rent on MADOLE'S apartment in New York inasmuch as Party meetings are being held there and WEISS also paid a considerable amount of the purchase price of a motorcycle which [] purchased in May, 1954 in contemplation of his United States tour.

T-1 further indicated that JAMES SHELDON was furnishing money to [] for his work in the Party and for information which [] supplied him concerning activities in the Party.

T-1 stated in October, 1954 that the NRP Headquarters continues to be at 10 West 90th Street, New York City, as MADOLE has been unsuccessful in obtaining a permanent headquarters or a permanent meeting hall for the Party.

He stated that the principal activity of the Party during the past several months had been in holding public meetings at various halls in New York City. He also stated that these meetings had been held under the name Patriots for Mc Carthy and approximately 600 cards were mailed out announcing these meetings.

T-1 stated that principal members of the Party at this time appeared to be MADOLE, [] and FREDERICK WEISS inasmuch as these individuals have engaged in all the activities for the holding of public meetings.

T-1 further indicated that it appears that both SHELDON and WEISS have withdrawn their

NY 105-6112

financial support from the Party and that due to lack of funds the Party has not published or distributed any literature in the past several months and has not published its Bulletin in several months.

T-1 stated that MADOLE continues to hold regular meetings at his apartment on Thursday evenings attended by approximately ten people at which political discussions are held.

He also indicated that during the meeting held at MADOLE'S apartment on September 16, 1954 MADOLE had set forth an outline of a plan to increase the Party membership and improve its financial position. MADOLE stated they would start working with 25 block leaders and that each leader would select 25 members for his group. MADOLE explained that each member selected would be required to contribute \$1.00 per month for membership and an additional \$1.00 to join the NRP. He stated that in the future they could produce as many as 50 block leaders.

The informant added, however, that nothing further concerning this plan has been done and it is evident that such a plan would not be workable for the NRP.

T-1 also indicated that MADOLE had stated that the NRP would soon have to cease using the name of Senator MC CARTHY in mailing out invitations to its public meetings inasmuch as the Jewish organizations were putting pressure on MC CARTHY to denounce the NRP.

MADOLE also indicated that it would be increasingly difficult to obtain meeting halls if they were unable to use MC CARTHY'S name.

NY 105-6112

T-1 also stated that MADOLE had been visited by members of the New York State Joint Legislative Committee on Charities and Philanthropic Organizations who were accompanied by a New York State Trooper and they had asked many questions about the NRP including the names of its contributors and the amounts contributed.

T-1 stated that MADOLE refused to give them this information and also refused to answer their questions regarding [redacted] and [redacted]

b6
b7C

T-1 stated in January, 1955 that the NRP continues to maintain its headquarters at Apartment 8, 10 West 90th Street, New York City, the apartment of JAMES MADOLE. He stated that the Party now uses the mailing address of Post Office Box 137, Planetarium Station, New York 24, New York. He stated the principal activities of the Party during the past three months has been the holding of public meetings under the name Patriots for Mc Carthy and the mailing of various Party publications. He stated that among these publications was the Party's answer to the House Un-American Activities Committee Report, the January, 1955 issue of the "National Renaissance Bulletin" and various other announcements of meetings to be held by the Party.

The New York "Times" dated December 15, 1954 carried a story under the headline "House Panel Aims at Hate Groups" in which it was stated that the House Committee on Un-American Activities was expected to approve a report striking at Neo-Fascist and extreme right groups. It further stated that a formal request was expected within a week for the Attorney General to open grand jury proceedings against the NRP.

NY 105-6112

A preliminary report on Neo-Fascist and hate groups dated December 17, 1954 was prepared and released by the Committee on Un-American Activities, United States House of Representatives, Washington, D.C. This report stated that the NRP, an avowed Fascist organization, centers its activities on the dissemination of Fascist propaganda through the Bulletin, other printed literature and through street corner oratory. It stated that the program and propaganda of the NRP is virtually borrowed wholesale from the Fascist and Nazi dictators. The conclusion of the Committee is that, although a decline in the Party's activities was evidenced in 1954 and the NRP's influence is of a relatively restricted nature, however, "such organizations have no place in the American scene, and the full force of exposure and prosecution must be employed to eradicate them."

T-1 stated in January, 1955 that JAMES MADOLE had written an answer to this House Un-American Activities Report which was mimeographed and mailed to newspapers and members of the Party. Portions of this letter are set out below:

"National Renaissance Party Answers Cowardly Attacks By The House Un-American Activities Committee"

"The House Un-American Activities Committee, conveniently forgetting the Communist menace gnawing at America's vitals, launched a cowardly and totally unwarranted attack on the National Renaissance Party this week. Our party, whose only crime lies in the indoctrination of American youth with fanatical patriotism, Christian morality, and racial pride, was viciously accused of intent to overthrow the American government by force and violence. Absolutely no hearings were held before the committee and our organization was given absolutely no opportunity to

NY 105-6112

defend itself. In fact all precedent was broken by allowing the committee's staff report to leak out to the Press before it had even been approved by a majority and passed upon.

"We should like to sum up our story as follows:

"1. Why did the committee pick on the National Renaissance Party rather than some of the larger, better financed right-wing organizations?

"ANSWER: The NRP is the only extreme right-wing movement in America with a positive political, racial, and economic program to fit the needs of the masses on a bread and butter basis. Also, the NRP is the only nationalist movement in America to attract the national youth and workers. We have fought the Communists on their own grounds, the slum sections of New York, and very often won by using their own techniques against them.

"The Nationalist movement in America has been constantly plagued with religious fanaticism and antiquated, reactionary slogans such as: "Back To The Constitution", "Back To The Republic," and "Christ And Country". The American youth and workers are not interested looking to the past when they must live in the present and work toward the future. Whereas Fascism, National Socialism, and Palangism have offered their people a creative program based on the economic and racial needs of the youth and the workers; American Nationalism has attracted only the aged, backward looking, and very often the mentally unstable elements of society. Therefore, in America, all radicals must turn to the extreme left or abandon political activity. Thus American workers and our American youth become an easy prey for the Communist Party and its innumerable satellites.

NY 105-6112

"The NRP with its radical program based on restoring racial and national pride to our people, with its uniforms and lightning bolt banners has filled a vital need for our people. For this reason the old parties based on tradition and reactionary conservatism look upon us as a threat rather than as their logical successors. When every selection shows a growing public apathy towards elections and their results; is it possible that these decrepid parliamentarians expect their mad avarice for gold and votes to perpetuate them in office forever? The Republican and Democratic Parties have combined to betray the interests of the American people. Both are internationalist in word and deed.

"These traitorous political hacks know full well that given half an opportunity, the American people would vote them out of office and indict many of them for outright treason. Hence they fear a party based on the doctrine of racial nationalism as the Devil fears Holy Water.

"II. Does the National Renaissance Party plan or conspire to overthrow the United States Government?

"ANSWER: Absolutely no; and we defy any gang of vote hustling Washington politicians to prove otherwise.

"Apparently the Democrats and Republicans feel that they should have a complete monopoly over American politics and that all parties based on different world viewpoints should be hounded out of existence. We believe the American people should have the right to vote against the perpetuation of the parliamentary system if they so desire. We do not advocate the violent overthrow of any government since any political realist can clearly see that such a move would play directly into the open arms of the Communist Internationale.

NY 105-6112

"Our slogan repeated at many of our street meetings has been: "ballots, not bullets". As for our program, and particularly the controversial point 8 which calls for the abolition of parliamentary government and the substitution of government by a trained national-minded elite, it is no more radical than that of the Socialist Workers Party, which appears perennially on the New York State ballot. Since when has it become illegal to present a non-democratic program to the American electorate. How does this violate the Smith Act? When has an NRP official ever called for a violent overthrow of the American Government? Who let this report leak out to the Press before the committee chairman had even seen it? Why has our movement been openly accused of subversion without a hearing by this committee? Have these politicians adopted the Moscow methods of their alleged Red enemies to silence their opponents?

"In conclusion let us state that if Congress defines subversion as any activity detrimental to the welfare of the American people, they should immediately launch investigations of President Eisenhower, the U.S. Army, and, in conclusion, they should seriously investigate themselves.

"We are urgently appealing to every friend and supporter of the National Renaissance Party to rush an immediate contribution, anonymous or otherwise, to party headquarters at once. We are on the firing line and in a position to do plenty of damage. Rush the financial ammunition and we will do the fighting; nor will we back down one inch."

T-1 stated in January, 1955 that JAMES MADOLE is very much concerned over the recent publicity which his organization has received as a result of the House Report. He stated MADOLE has stated he believes the Anti-Defamation League is responsible for having this report prepared.

NY 105-6112

T-1 also indicated that WEISS has told MADOLE that the Anti-Defamation League was not interested in the NRP but had wanted the House Committee to investigate other notorious Nationalists such as JOE KAMP and GERALD SMITH. WEISS further indicated to MADOLE that it was the American Jewish Committee that had urged the Government to investigate the NRP and that these attacks were the result of MADOLE'S Party program which included the idea of doing away with parliamentary government and setting up a corporate state.

WEISS also told MADOLE the statements MADOLE had made in NRP meetings concerning "putting all Jews into concentration camps and giving the Jews six inches of steel" had caused a demand for investigation of the NRP.

[redacted]
[redacted] in May 4, 1954, advised the Newark Office that JAMES SHELDON was furnishing money to [redacted] for reports which he submitted and literature which he furnished concerning the activities of the NRP and other Nationalist groups in the United States.

b6
b7C
b7D

[redacted] added that SHELDON had given [redacted] \$60 for his expenses in connection with a contemplated trip for [redacted] throughout the United States. He stated that the NRP is a Nationalist group backed by many former German SS officers..

b6
b7C
b7D

He also indicated that it is an organization for "White Aryans" and its basic objectives are:

1. Obtaining all political power in the United States.

NY 105-6112

2. Eliminating the traditional political parties.

3. Deportation of Jews, Negroes and Puerto Ricans.

He added that these objectives are to be obtained by any means available.

[redacted] further stated that the financial backer and driving force behind the NRP is FREDERICK WEISS, who is a German alien and remains under cover for fear of possible deportation.

b6
b7C

[redacted] stated that, although the objective of the NRP is to fight Communism, it has been infiltrated by the Communist Party in the person of [redacted] who is a Communist Party sympathizer who has attended Communist Party schools.

HAROLD KEITH THOMPSON, JR., 433 East 82nd Street, New York City, gave the following information on September 23, 1953:

He stated the NRP has been holding street meetings for the past few months in Yorkville and the general tenure of its activities is Anti-Semitic and Pro-Fascist.

He stated that whereas formerly the NRP had been controlled by JAMES MADOLE and had been regarded as a purely Fascist type organization, that within recent months a new element appears to be rising to exert control over the Party's activities.

NY 105-6112

He stated the first indication of this was in December, 1952 when FREDERICK WEISS who does a great deal of writing for the "National Renaissance Bulletin" and who the informant described as the hub of Neo-Nazi activity in the United States and the hidden power behind the NRP, began to definitely soft-pedal his anti-Communist writings.

THOMPSON stated he believed WEISS was in contact with certain Russians about this time and may have accepted money from them in connection with his writings. He stated, however, that he did not know anything specific about these contacts but that WEISS had told him of them.

THOMPSON stated he believed that some of WEISS' writing had been composed by a man named FRANCIS PARKER YOCKEY and that these writings seemed to favor the Soviet viewpoint to some extent although they did not come out in favor of Communism as such.

THOMPSON stated that YOCKEY is the type of person who would take support from anyone including the Communists in the belief that any support that might advance the cause of National Socialism should be accepted.

THOMPSON stated that YOCKEY presently is in Europe but he believes that YOCKEY continues to send articles to WEISS which are published under WEISS' name.

THOMPSON also indicated that one [redacted] in London, England, indicated to him that he also had been cognizant of a pro-Russian attitude in the

b6
b7C

NY 105-6112

activities of the NRP and that he believed that this was emanating from YOCKEY whom he stated holds the extraordinary view that it would be better for Europe to be dominated by Russia than America.

THOMPSON added that several new people have recently joined the NRP whom he believes to be Communists. He states these people are [redacted] and [redacted] and he believed that MADOLE, and WEISS are cognizant of the fact that these people are Communists but are willing to accept aid from any quarter.

THOMPSON indicated in January, 1954 that he recently received documents purporting to be from JAMES MADOLE announcing his discontinuance of activities in the New York area and his removal to the Midwest and South and solicitation of funds for same. He stated these documents also contained an endorsement of [redacted] which was a reply to some allegations published in the "Anti-Defamation League Bulletin" identifying [redacted] as an out and out Communist.

THOMPSON stated he believed these letters had been written by [redacted] and were part of the campaign to dislodge MADOLE as head of the NRP and install [redacted] and his associates whom T-3 believes to be Communists.

THOMPSON is unable to give any reasons for this belief except that it was common knowledge among persons in New York City that [redacted] had himself stated that he was a Communist.

The "Anti-Defamation League Bulletin" dated November, 1953 contained an article entitled "How Can I Become A Menace."

NY 105-6112

This article contained a brief background of the NRP and stated that [redacted] one of the Party members, had recently gone to the Anti-Defamation League Office in an effort to sell information regarding the NRP. This article stated that [redacted] had admitted to the Anti-Defamation League that he is a Communist and attends the Jefferson School, a Communist educational school.

b6
b7c

The "New York Journal American" dated September 4, 1954 contained a column by FOWARD RUSHMORE concerning the NRP's use of Senator MC CARTHY'S name in connection with its meetings.

The "American Hebrew" newspaper on September 3, 1954 contained an article by JAMES H. SHELDON which stated that the Neo-Nazi NRP had been camouflaging its activities under the title Patriots for Mc Carthy.

The October, 1954 issue of "Expose" contained an article entitled "I am an American Fascist" by H. KEITH THOMPSON which gave a brief history of the NRP as well as information that the Anti-Defamation League and the Non-Sectarian Anti-Nazi League were supporting the NRP with financial aid.

JAMES H. SHELDON, Head of the Non-Sectarian Anti-Nazi League, New York City, was interviewed in July, 1954 and stated that it was difficult to estimate the size or importance of the NRP but that he believed that it had several hundred supporters in the New York area.

He stated that about 50 or 75 people attend the Party's public meetings and that a great many people send in contributions to support the work of the NRP. He stated the Party has a large mailing

NY 105-6112

list of many thousands of names which were used in sending out its literature and soliciting funds.

SHELDON stated that he had never furnished any money to the Party's support but that he had employed [redacted] to report on the Party's activities. He stated he employed [redacted] from October, 1953 to June, 1954 and undoubtedly some of the money which he had given [redacted] had been used for the Party's work. He stated, however, that [redacted] usefulness in the NRP was now at an end and he would no longer furnish money for the Party's activities.

b6
b7C

FREDERICK WEISS was interviewed on September, 1954 and advised he had first met JAMES MADOLE in 1946 and had been friendly with him since that time. He stated that during the past five years he had furnished between \$500 and \$600 to MADOLE for the Party's use, but that he did not believe in the ideas advanced by the Party or in the methods which they used to advance these ideas.

WEISS explained that his only purpose in associating with the NRP and supporting it was to utilize it as a vehicle for the publication and distribution of his writings, he stated the Party had a very large mailing list and individuals who would work on preparation and distribution of literature.

WEISS stated he was able to get many of his pamphlets distributed this way and that he was able to get his articles published in the "National Renaissance Bulletin" which the Party distributed.

NY 105-6112

WEISS stated he believed MADOLE to be a pathological case and completely fanatical on the idea of anti-Semitism. WEISS stated he had never agreed with MADOLE'S political thinking and that the NRP operates on the small amount of money it receives from contributions and collections received at its public meetings.

He stated the NRP has a very small membership in New York City and has no other groups in the United States. WEISS stated he believes the Party will never amount to anything as a political force and without MADOLE'S zealousness it would collapse.

WEISS stated that he has never directed the activities of the NRP and has never had control over MADOLE.

WEISS further stated that he was contemplating withdrawing all financial aid from MADOLE inasmuch as he recently had obtained the Party's mailing list and would henceforth distribute his literature himself.

B. INDIVIDUALS CONNECTED WITH THE NRP

1. Individuals who Control the NRP

a. JAMES H. MADOLE
10 West 90th Street
New York City

THOMPSON, stated in September, 1953 that MADOLE had controlled the NRP since its beginning and that he is a very radical person dedicated to the ideals of Fascism. He stated that MADOLE definitely believes that he will some day be able to convert the United States to Fascism.

He stated MADOLE is the principal speaker at the Party meetings, and is recognized as the supreme leader of the Party.

T-1 stated in January, 1954 that MADOLE is not as active in NRP affairs recently as he formerly was because [] has assumed leadership of the Party and makes all decisions concerning NRP policy. T-1 stated that he believes MADOLE may be forced out of the Party and that without the support of WEISS, MADOLE would never have been able to maintain control of the NRP and that this support has now been shifted to []

T-3, of unknown reliability, but who has furnished reliable information in the past, advised in

NY 105-6112

December, 1953 that in his opinion MADOLE is mentally unstable and thereby easily becomes prey to any radical organizations. He stated he believes MADOLE has been completely ousted from leadership in the NRP by [REDACTED] and that he is reported to be planning to move to the South.

b6
b7C

T-1 stated in June, 1954 that MADOLE continues to act as puppethead of the NRP and makes arrangements for the meetings. He stated, however, that he has very little actual control of the activities and that WEISS directs his decisions regarding the functions of the Party.

He stated, however, that it is planned that MADOLE will continue to be the principal speaker for the Party when the outdoor street meetings are held as he has been in the past.

The "Brotherhood Advocate", Volume One, paragraph three, a pamphlet published by RICHARD KERN, 253 Henry Street, New York City, contained an interview which KERN had with MADOLE and TRUJILLO concerning the NRP.

During this interview MADOLE stated that the NRP has points similar to the Nazi Party but that it has some points never included in the Nazi program and some that are originally different. He stated the NRP is for the unity of all Aryan peoples and that if the NRP grows to a point where it has national influence it would encourage the Asiatics and Africans to leave America.

Concerning the strength of the NRP, MADOLE stated that they have 6,000 members in New York City of which 700 were in the Uniform Corps. MADOLE stated that the Party movement is growing all over the world

NY 105-6112

and is accepted in such widely divergent places as Switzerland, England, Ireland, Sweden, Germany, Spain, Argentina and New Zealand.

MADOLE stated that the prime objective of the Party at present was to add members to the organization which they did by holding outdoor and indoor meetings and spreading literature. He stated that as soon as "we control the country, we will do away with the two party system."

MADOLE explained that anti-Semitism was an essential part of the Party's ideology because they realize that behind Communism stands the intellectual and financial resources of the Jewish Race.

T-1 stated in October, 1954 that MADOLE now exercises complete control over the NRP and makes all arrangements for its meetings. He stated that MADOLE is the principal speaker of all meetings of the NRP and in charge of all correspondence and money collected by the Party.

T-1 stated in January, 1955 that MADOLE continues to be the national director of the NRP and is the guiding force of all of its activities. He stated that MADOLE arranges for the meetings, publications and usually writes most of the material that is placed in these publications.

b. FREDERICK WEISS
Mount Hope Road
Middletown, New York

T-1 stated in October, 1953 that WEISS continues to support the NRP from behind the scenes and

NY 105-6112

still exercises almost complete control over MADOLE and the Party's activities.

THOMPSON stated in September, 1953 that WEISS is the key figure behind the NRP as well as other Neo-Nazi organizations.

He stated he believes that without WEISS's support, which he estimates to be about one-half, that the NRP would collapse.

T-3 stated in December, 1953 that WEISS is a German alien who resides at a farm in Middletown, New York. He stated that WEISS is a senile man who loves to write but who is unable to get anyone to publish his writings. Because of this, WEISS has constantly donated money to MADOLE inasmuch as MADOLE would bring anything and everything which WEISS prepared in the "National Renaissance Bulletin".

T-3 further stated that, in view of the extremely adverse publicity which has been received recently by the NRP, WEISS ordered MADOLE to cease all the meetings.

The "Reporter" magazine dated April 13, 1954 contained an article entitled "Germany-Where Fascism and Communism Meet" by EDMUND TAYLOR. This article identified FREDERICK CHARLES WEISS as a German-born professional conspirator residing in the United States who writes vicious anti-Semitic articles for the NRP.

This article stated that WEISS carries on an intense correspondence with many prominent Nazi leaders and has quite a few Soviet and Communist contacts throughout Europe.

NY 105-6112

The article also stated that WEISS is reliably reported to have his own Communist contacts in the United States although he is sometimes an ardent admirer of Senator MC CARTHY and works with some of the Senator's extreme "right-wing" followers.

T-1 stated in May, 1954 that WEISS continues to provide financial support for the NRP and has been willing to furnish money for the personal needs of the leaders of the NRP as well as for the cost of printing and distributing the literature of the Party.

He stated WEISS recently gave MADOLE money to move to New York City and furnishes the rental for MADOLE'S apartment.

He stated that in recent months WEISS has given TRUJILLO money to pay the rent on his apartment as well as for his personal needs.

T-1 pointed out that TRUJILLO makes weekly trips to WEISS' farm in Middletown, New York, and WEISS gives his complete support to [redacted] leadership of the NRP. He states that WEISS makes frequent trips to New York City where he counsels [redacted] and MADOLE on the work of the Party and supervises the printing and mailing of the anti-Semitic literature which is distributed by the Party.

T-1 stated in January, 1955 that WEISS continues to counsel MADOLE in his operation of the NRP and periodically furnishes money to MADOLE for Party expenses including renting of meeting halls and publication and mailing of Party literature.

T-1 also indicated that after the recent publicity, WEISS had again reiterated to MADOLE that the only reason that he, WEISS, had financed the Party bulletin was to have an outlet for his own articles.

T-1 stated that in an effort to protect himself WEISS had obtained signed affidavits from MADOLE and [] to the effect that WEISS' financial support of the Party had been only for the

NY 105-6112

purpose of using the Party mailing list and having his articles published in the bulletin. The informant stated this transaction took place on December 26, 1954 at MADOLE'S apartment and that at this time WEISS gave MADOLE \$10 and [] \$3.00.

T-1 further stated that the recent press release in which the NRP had answered the House Committee Report had been paid for by WEISS, and its contents had been directed by WEISS. He stated that the fact that this answer was in a relatively mild manner was due to WEISS' insistence that MADOLE not continue his all-out attack of the Jews.

Non-Sectarian Anti-Nazi League had managed to infiltrate the NRP. MADOLE listed these agents as [redacted] and [redacted] and indicated that they were no longer associated with the NRP.

C. STATED AIMS AND OBJECTIVES OF THE NRP

[redacted] advised on February 24, 1954 that she had received a personal letter from JAMES H. MADOLE urging her to attend a meeting of the NRP. This letter was written on the official letterhead of the NRP and included the basic program as follows:

"1. To encourage racial nationalism among the peoples of Europe, Africa and Asia as an antidote to the spread of international Communism.

"2. To enforce a strict policy of racial segregation in America in order to preserve and advance the culturally dominant White Aryan Race which brought the cultural and social benefits of Western Civilization to our shores in 1492.

"3. To bring about a gradual deportation of those racial elements which cannot be assimilated with the culturally predominant White Race. Laws must be passed to rigidly prohibit racial intermarriage.

"4. The Jewish Race, which constitutes the motivating financial and intellectual force behind Communism, shall be deprived of their American Citizenship and hence barred from all political and professional posts. Marriage between Jews and members of the dominant White Race shall be forbidden.

"5. To bring about the withdrawal of the United States from the United Nations in order to prevent the further exploitation of American resources and manpower by foreign parasites.

NY 105-6112

"6. The alliance of German scientific and military genius combined with American technology, mass production technique and manpower could dominate both the American and European Continents. Therefore our foreign policy must have the threefold objective of realizing a German-American alliance in Europe; a Moslem-American alliance in the Middle East; and a Japanese-American alliance in Asia.

"7. The creation of an American Corporate economy wherein labor and management will be equally represented in the Economic Dept. of the Federal Government. All disputes will be settled by impartial labor tribunals.

"8. The abolition of parliamentary government and the substitution of government by a trained national-minded elite.

"9. The use of all educational facilities to imbue the American youth with an intense feeling of racial and national pride as a sure antidote to the international poison of World Communism. Our national slogan shall be 'One Race, One Nation, One Leader.'"

[redacted] on May 4, 1954, furnished a list to the Newark Office concerning the basic program of the NRP which is identical to that listed above.

T-5, of known reliability, in January, 1955 furnished the January, 1955 "National Renaissance Bulletin" which contained the following format:

"Official organ of the NRP devoted to a restoration of the American Republic, the preservation of American sovereignty and the establishment of an American regime based on the principles of racial nationalism and social justice."

NY 105-6112

D. ACTION TAKEN TO IMPLEMENT THE PROGRAM OF THE NRP1. Meetings

T-1 stated in October, 1953 that the NRP held public street meetings on Friday evenings at eight o'clock during the Summer of 1953. He said that most of these meetings were held at 88th Street and York Avenue, New York City, and that they had been held continuously until October 16, 1953, except for several weeks in August when either rain or MADOLE's absence from the city had caused their cancellation. He said that these meetings were usually attended by some fifty to 100 persons which were covered by police detail which for the most part kept very good order at the meetings and did not allow the crowd to interfere with the Party speakers. T-1 added that the most sensational aspect of these meetings was the appearance of five or ten young men dressed to simulate German Storm Troopers. He said they wore black shirts, black pants, black boots and the red emblem of the NRP on their arms. He said that at some meetings several young girls had appeared in similar uniforms and were called the Women's Elite Guard. This informant said that these uniforms particularly tended to incite the crowd and that several weeks ago the police had told members of the NRP that they could no longer wear them at the meetings.

T-1 further stated that MADOLE had announced at the October 16th meeting that no more outdoor meetings would be held and passed out pamphlets indicating a meeting on October 21st at the Slovak House, 241 East 75th Street, New York City. T-1 said that people who owned this hall, upon finding out the character of the NRP, would not allow them to use the meeting hall, and so this meeting was not held. He said that MADOLE and other members of the Party have been attempting to find a place for their indoor meetings but have not as yet been successful, inasmuch as their activities are fairly well known in New York, and no one is willing to allow them the use of a meeting hall.

NY 105-6112

T-1 stated in January, 1954 that no public meetings have been held by the Party since October, 1953 due to the difficulty in obtaining a meeting hall. He stated it is possible that private meetings have been held at the apartments of some of the members, but that no publicity has been given any such meetings.

T-1 stated in June, 1954 that the Party has held regular meetings on Thursday nights at the apartments of [redacted] or MADOLE for the past several months. He said that many efforts have been made to obtain a regular meeting place by MADOLE without success. He said MADOLE is also active in attempting to obtain police permission to hold outdoor street meetings in the Yorkville Section of New York City but has been unable to secure a permit for the particular corner which he desired. He said MADOLE is continuing his efforts to find places for outdoor meetings in Brooklyn, Manhattan and Queens.

b6
b7C

T-1 added that one public meeting was held in the past few months on May 2, 1954 at Jaegers Restaurant, 85th Street and Lexington Avenue, New York City. He said this meeting was held under the fictitious name PATRIOTS FOR McCARTHY, but that this was merely a ruse used by the NRP to obtain the meeting hall, inasmuch as they could not obtain one under their own name. This informant said that leaders of the NRP believed that it would be necessary in the future to use a front with a political appeal in order to raise funds and obtain meeting halls. T-1 said this meeting was attended by about fifty people at which a collection of \$30 was taken. He said the names of those people in attendance were taken, and it was stated that they would be advised of future meetings.

[redacted] stated on June 7, 1954 that the NRP was making plans to hold its first outdoor meeting in June which was expected to be held in Brooklyn. He further stated that plans were being made to hold Party meetings in Manhattan, Brooklyn, and Queens.

NY 105-6112

T-1 stated in October, 1954 that regular private meetings of the Party are being held on Thursday nights at MADOLE's apartment which are attended by about ten people. He stated that the following public meetings have also been held:

A meeting was held on July 1, 1954 at Sokol Hall, 420 East 71st Street, New York City, under the name PATRIOTS FOR McCARTHY at which seventeen people were present, and MADOLE and [redacted] made anti-Semitic speeches. He stated [redacted] had appeared and attempted to sell some of his anti-Semitic pamphlets.

T-1 said a public meeting was held at Club 32, 32 East 32nd Street, New York City, on August 27, 1954. He said this meeting, which had been advertised by mailing postcards under the caption Americans for McCarthy, was attended by approximately 100 people. He said the majority of these people actually believed they were attending a McCARTHY rally, and there was a great deal of furor when MADOLE began his speech on the anti-Semitic theme and said very little about McCARTHY.

[redacted] stated in August, 1954 that [redacted] had arranged for a McCARTHY meeting, but that due to the nature of this meeting, he would not permit this group to hold further gatherings in his establishment.

T-1 stated that the Party held a public meeting on September 10, 1954 at the Hotel Dauphin, Broadway and 67th Street, New York City, under the name PATRIOTS FOR McCARTHY. He said that from thirty-five to seventy-five people were in attendance during the evening, and about \$40 was collected. He added that anti-Semitic speeches were made by MADOLE and [redacted] and old issues of the "National Renaissance Bulletin" were distributed.

T-1 stated that public meetings were held on October 2, 1954 and October 15, 1954 at the Cornish Arms

NY 105-6112

Hotel, 311 West 23rd Street, New York City, under the auspices of the PATRIOTS FOR McCARTHY which were attended by approximately thirty to fifty people.

T-1 stated in November, 1954 that the Party had held a meeting at Werdermans Hall, 160 Third Avenue, New York City, under the title PATRIOTS FOR McCARTHY on November 9, 1954. He said about thirty-two people were present, and MADOLE made his usual anti-Semitic speech and attacked the Anti-Defamation League and the politicians in Washington. He said that [] also spoke urging the people to sign petitions for McCARTHY and pointed out that the ten million names to be collected would serve as a wedge for the people of this country to form a new party and break the strangle hold that the old parties had on the United States. He said KURT MERTIG also spoke praising McCARTHY and that only \$10.75 was collected.

T-1 stated in December, 1954 the Party held a meeting on December 3, 1954 at Werdermans Hall which was attended by only about twelve people. He said MADOLE was very unhappy about the poor turnout, and in his speech advocated a break with the Constitution and the Bill of Rights which he said were completely outmoded and no longer filled the country's needs. MADOLE said that what was needed was a corporate state and that he was going ahead forming such a Party which would include semi-uniform personnel and an ironclad discipline. T-1 also stated that one [] spoke briefly concerning the McCARTHY censor issue and stated the NRP should run McCARTHY for President in 1956. KURT MERTIG spoke briefly and disagreed with MADOLE stating the Constitution and Bill of Rights are the greatest documents ever devised. T-1 said MADOLE had sent out 800 postcards announcing this meeting and that only \$5.00 was collected, but that WEISS had given MADOLE an additional \$20 to cover expenses of the meeting.

T-1 stated in January, 1955 that the NRP holds regular meetings at the apartment of MADOLE every Thursday night which are attended by about ten persons. He said these

NY 105-6112

meetings are usually social gatherings at which MADOLE makes plans for the Party's activities and attempts to solicit funds from the individuals assembled.

2. Publications

T-1 stated in October, 1953 that the "National Renaissance Bulletin," which had been published regularly on a monthly basis, had not been published since August, 1953. He said that WEISS had an argument with [redacted] who formerly printed this bulletin, and that WEISS would not permit [redacted] to do any more printing for the Party. He said they were unable so far to find a new printer, but that a few leaflets and announcements of meetings, which had been mimeographed at the home of one of the members, were distributed by the Party.

[redacted] on October 30, 1953, furnished literature which had been distributed by the Party concerning the New York City mayoralty election. This literature was anti-Semitic in nature and advised people of New York City not to vote.

T-1 stated in January, 1954 that the "National Renaissance Bulletin" dated October, 1953 carried an article by WEISS entitled "Brotherhood Part 3." The informant said he believes this was printed in Beacon, New York, and was the first indication that the Party had been able to secure a new printer. He said this bulletin also carried an article by MADOLE entitled "The Program of the NRP" in which the nine-point program of the Party was set out. This program was a restatement of the NRP's platform of anti-Semitism, anti-United Nations, pro-German and strongly for National Socialism.

T-1 also stated a pamphlet entitled "Brotherhood" written by WEISS which contained a sub-heading entitled "In Russia They Execute Them the Prague and Beria Way - In U.S.A. They Promote Them the Dexter-White Way." T-1 further stated that all material put out recently by the Party has been completely anti-Semitic and most of it has

EAB:JEN
-16-

NY 105-6112

been signed by [redacted] meaning [redacted] He said that several gummed stickers had been placed on automobiles in public places bearing the following slogans: "Crush Communism - Revive Nazism - Join the NRP - Kill the Jews - Save the White Race".

T-1 stated in June, 1954 that the "National Renaissance Bulletin" was being published on an irregular basis by various printers. He said WEISS financed these printings and along with MADOLE usually wrote all the material that was in them. He said they had been unable to find a printer who would handle their literature on a regular basis and, therefore, had their work done at various places in Middletown, New York, and New York City. He stated that WEISS had purchased a mimeographing machine which was located in [redacted] apartment and that considerable of the Party's literature was produced on this machine. He said the National Renaissance Bulletins, as well as all other literature published and distributed by the Party, contained the Party line of extreme Nationalism and anti-Semitism.

T-1 stated the following publications had recently been distributed by the Party:

December, 1953 "National Renaissance Bulletin" with an article entitled "Brotherhood" by FREDERICK WEISS, and an article entitled "Eisenhower Has Betrayed The American People" by JAMES MADOLE.

The January-February, 1954 "National Renaissance Bulletin" which contained articles by FRANK BRITTON, JAMES MADOLE and J. E. VON MARQUARDT.

The March-April, 1954 "National Renaissance Bulletin" with articles by MADOLE and ROBERT B. PATTERSON.

Anti-Semitic pamphlets entitled "The War Criminals" and "God's Chosen People" which were written by EINAR ABERG of Norrviken, Sweden which the informant stated were shipped to the United States from Sweden and distributed with the stamp of the NRP through Germany and the United States.

NY 105-6112

Articles signed "X.Y.Z.", which is the pseudonym of WEISS, entitled "Oswald Spengler, The American-Jewish Committee and Russia" and "Max Planck and The Future of Western Civilization" and "Should the Prussian Spirit Die" which T-1 stated were mailed to numerous persons throughout the United States.

T-1 stated these articles contained anti-Semitic material, as well as material criticizing the United States State Department policies regarding Germany.

T-1 stated the American-Hebrew newspaper dated April 2, 1954 ran an exclusive article on page 3 by JAMES SHELDON entitled "Who Threw the Anti-Semitic Pamphlets from Windows in Times Square?" This article indicated that Anti-Semitic material thrown from the Empire State Building on March 26, 1954 was rubber-stamped by the NRP and that LOUIS MOSTACCIO, one of the Elite Guardsmen of the NRP, was in charge of literature distribution in New York.

T-1 stated that a pamphlet entitled "Battle Cry", described as an official publication of the PATRIOTS FOR McCARTHY, stated the purpose of this organization was to support principles and activities of the nation's foremost crusader against the evils of Communism. The front page of this pamphlet set forth a quotation by J. EDGAR HOOVER which stated in part that the "pseudo-liberal can be more destructive than the known Communist because of the esteem which his cloak of responsibility invites." This pamphlet requested subscriptions to be sent to the organization in care of TRUHILL, 54 Audubon Avenue, New York City.

[redacted] advised the New York Office in March, 1954 that FREDERICK WEISS had secured publication of several thousand copies of a "National Renaissance Bulletin" as well as other pamphlets dealing with anti-Semitism at the Trumbull Printing Company, Middletown, New York. He said that JAMES MADOLE had accompanied WEISS on one occasion when he ordered these printings and that several hundred of these sheets were sent to [redacted]

EAB:JEN

at the request of WEISS, who WEISS stated was [redacted] who forwarded these propaganda sheets to Germany and Asia.

T-6, of known reliability, advised in February, 1954 that the NRP has mailed large quantities of Nazi-type literature recently and that this organization also receives large amounts of similar type literature in cartons from Sweden. He said that this material is mailed to [redacted] and that this same individual mails great bundles of this literature under the name of the NRP.

T-5, of known reliability, advised in March, 1954 that [redacted] had received orders from FREDERICK WEISS on numerous occasions to mimeograph anti-Semitic material. He said that WEISS usually ordered about 500 copies of these articles and that on several occasions he was accompanied by individuals fitting the descriptions of MADOLE and [redacted] and that they had pre-addressed envelopes in their possession with which to mail the mimeographed sheets.

[redacted] advised in May, 1954 that an acquaintance of her's had received pro-Nazi propaganda from an individual who identified himself as [redacted] told this individual that he had received these Nazi papers and articles from a friend and co-worker named [redacted] in Hamburg, Germany. [redacted] also invited this individual to his home and offered to sell pictures of HITLER, as well as books and papers dealing with the HITLER Era in Germany, which were mailed to him from Germany.

[redacted] advised in April, 1954 that a leaflet entitled "Adolph Hitler, 20 April 1889" was recently distributed by the NRP in the Borough of Queens.

Mr. SIDNEY O. SIMONSON, District Attorney of Richmond County, Staten Island, New York, advised in June,

EAB:JEN

-19-

NY 105-6112

1954 that anti-Semitic literature stamped by the NRP was distributed over the campus of a high school in Staten Island, New York, recently.

T-1 stated in October, 1954 that the "National Renaissance Bulletin" had not been published in recent months due to the fact that WEISS would not furnish the finances for it, as well as the fact that MADOLE had been unsuccessful in locating a publisher for the Party's literature. This informant stated that the only Party literature which had been published in recent months was the postcard announcements of its public meetings.

T-1 stated in January, 1955 that the Party was still having difficulty in finding a printer, and the Bulletin had not been published on a regular basis in recent months. He said the Party was now utilizing [redacted] for the mimeographing of Party publications.

T-1 stated in November, 1954 that anti-Semitic pamphlets which had been printed at Cooper Press, 7 Dutch Street, New York City, were distributed by members of the NRP under the direction of WEISS on October 30, 1954 in the vicinity of the Waldorf Astoria Hotel. He said these leaflets were intended to be a protest of the appearance of German Chancellor KONRAD ADENAUER in New York City. He said that WEISS had initially intended the NRP to picket the hotel where ADENAUER was attending an honorary dinner, but later decided to have [redacted] join a picket line of the Irish Minutemen which was established at the Waldorf Astoria at the same time in protest of Queen Elizabeth's appearance in the United States. He said that when [redacted] was ousted from this picket line, he joined other members of the NRP at a nearby corner where they distributed the anti-ADENAUER literature.

T-5 stated in January, 1954 that MADOLE had ordered 500 copies of a press release entitled "The NRP Answers Cowardly Attacks By the House Un-American Activities Committee" from [redacted]

NY 105-6112

T-5 further indicated in January, 1955 that MADOLE had the above firm print 500 copies of the January, 1955 issue of the "National Renaissance Bulletin" which consisted of nine mimeographed pages. The sole article in this bulletin was one entitled "The Destiny of America" by JAMES H. MADOLE which was anti-Semitic in nature.

3. Other NRP Groups in the United States

T-1 advised in June, 1954 that recent literature distributed by the NRP contained information that the NRP had branches in Louisville, Kentucky, whose [redacted] and a group in [redacted]

[redacted] advised in February, 1954 that he had heard nothing further concerning the NRP in Louisville.

b6

T-1 stated in June, 1954 that [redacted] was alleged to be a member of the NRP and has recently attended several meetings in New York City. The informant said that MADOLE has stated that [redacted] the Pennsylvania group of the NRP and that [redacted] has been in contact with [redacted] on several occasions and indicated he will visit [redacted] on his contemplated trip through the South.

b6

T-7, another government agency, furnished information in March, 1954 indicating that [redacted] Referral/Direct

T-1 stated in June, 1954 that leaders of the NRP had indicated that [redacted] of Trion, Georgia, was organizing a group of the NRP in Georgia.

b6
b7C

[redacted] stated on May 4, 1954 to the Newark Office that WEISS had instructed [redacted] to contact [redacted] a NRP member in Trion, Georgia, during his trip through the South for the purpose of obtaining firearms in Georgia.

b6
b7C
b7D

T-7 furnished information which indicated in March, 1954 that [redacted] Referral/Direct

[redacted]

Mr. C. D. COOPER, Chief of Police, Trion, Georgia, stated on July 26, 1954 that [redacted] had not made any contact as yet with [redacted] in Trion, Georgia. COOPER said it was his understanding that [redacted] was to be called to active duty with the United States Army sometime in the near future. He also stated that [redacted] had not established a branch of the NRP in Georgia although he continues to receive publications from the NRP in New York City.

b6
b7C

[redacted] stated to the Newark Office on April 30, 1954 that he is [redacted] of the NRP and there are about twenty-eight inactive members in New Jersey.

b7D

NY 105-6112

[redacted] added on December 15, 1954 that these New Jersey members of the NRP are dormant, and if they attended meetings at all, it would be in New York City. He stated that there is no organized activity of the Party in New Jersey, and the New Jersey membership has always been a paper membership.

b6
b7C
b7D

T-1 stated in June, 1954 that he does not believe that any of the alleged branches of the NRP outside New York City have any support or are operating. He stated that he believes that they are only the efforts of individuals attempting to obtain notoriety by allying themselves with the NRP. He said there is no evidence at the present time that the NRP has any strength whatsoever outside the New York City area.

T-1 stated in October, 1954 that [redacted] has attended several NRP meetings recently and appears to be taking an active interest in the Party, but there is no evidence that the NRP has had any success in establishing any groups in the United States.

b6
b7C

T-1 stated in January, 1955 that [redacted] of Parkesburg has frequently indicated he desires to form a branch of the NRP in the Philadelphia area and continues to attend NRP meetings in New York, but there is no indication that the NRP has any groups in cities outside of New York City.

[redacted] Postmaster, Parkesburg, Pennsylvania, advised on November 15, 1954 that nothing had come to his attention which would indicate that [redacted] is making an effort to organize a branch of the NRP in the Parkesburg area or Eastern Pennsylvania. [redacted] stated he has recently talked to [redacted] on several occasions; that he has never given any indication that he was interested in such an organization or that he possesses any sympathies of a subversive nature.

b6
b7C

T-8, of unknown reliability but who is [redacted] [redacted] stated in November, 1954 that no information has come to his attention concerning the NRP, and there is

no indication that [] is attempting to organize a branch in the Parkesburg area or in Pennsylvania.

T-9, of known reliability, who is acquainted with Communist Party activity in the Philadelphia area and who would be in a position to know if a branch of the NRP was being organized in Pennsylvania, advised in September, 1954 that he had never heard of the NRP or [] or any indication that he is attempting to organize such an organization in this area.

4. Association With Other Groups

T-10, of known reliability, advised in January, 1949 that WILLIAM HENRY McFARLAND, Director of the Nationalist Action League, had recently attended a meeting of the NRP in New York City. This informant stated that JAMES H. MADOLE had organized about 200 people, most of them elements of the old Christian Front, into the NRP and that McFARLAND and MADOLE had discussed a proposed merger of the NRP and the Nationalist Action League. McFARLAND had stated that as yet there was no basis for a merger but pointed out that they did agree on terms for close cooperation. Informant said McFARLAND stated that MADOLE had a very specific program worked out and would not deviate from that program, therefore, it would be most difficult for the Nationalist Action League to merge with his organization.

The Nationalist Action League has been designated by the Attorney General of the United States pursuant to Executive Order 10450.

T-11, of known reliability, advised in February, 1953 that WILLIAM HENRY McFARLAND received a postcard from the NRP postmarked February 17, 1953. This informant, who is acquainted with many of the activities of McFARLAND, had no information to indicate that McFARLAND is lending support to the NRP.

T-1 stated in June, 1954 that within recent months WEISS has been considering the idea of sending []

NY 105-6112

to Washington, D.C. to register as a Foreign Agent with the State Department. He said that if [] did register, it would probably be as an agent for an organization in Hamburg, Germany, known as Schwarz-Weiss-Rot. The informant said that [] had used this name on some of the NRP literature which he had mailed to Germany and that one [] is alleged to be [] in Hamburg, Germany.

b6
b7C

Referral/Direct

T-7 indicated in March, 1954 that []

[] indicated on May 6, 1954 that WEISS had instructed to [] that during his trip through the South, he should attempt to incite riots in line with the recent anti-segregation decision by the United States Supreme Court. [] said the plan was to have white students start riots in their schools and also that WEISS had instructed [] to contact the Columbians to determine what firearms were available in Georgia.

b6
b7C
b7D

It is noted that the Columbians have been designated by the Attorney General of the United States pursuant to Executive Order 10450.

T-1 stated in June, 1954 that WEISS was urging [] to contact all persons who have been known to be sympathetic with National Socialist ideas or who are known to be anti-Semitic in an effort to gain support for the NRP.

b6
b7C

T-1 also indicated that JAMES MADOLE had been in correspondence recently with [] and []

NY 105-6112

of Chicago, Illinois. He said these individuals are associated with the Democratic Nationalist Party and recently issued a booklet entitled "The Elite Whiteman's Guide Book" which was violently anti-Semitic in nature. T-1 indicated that MADOLE would possibly have [] speak at meetings of the NRP in the future.

b6
b7C

T-1 stated in October, 1954 that there has been no evidence in recent months that the NRP has attempted to affiliate with any other similar neo-Nazi groups in the United States or Europe. He stated the principal attempts of such affiliations had been made by [] in correspondence with various Nationalist groups in Germany. He also stated that [] had contemplated a trip throughout Southern United States to contact Nationalist leaders, but this plan had been cancelled, and inasmuch as [] is no longer a member of the Party, no other efforts have been made to contact other groups.

b6
b7C

Referral/Direct

T-12, another government agency, indicated in November, 1954 that []

T-1 indicated in January, 1955 that there was no evidence at the present time that the NRP would affiliate or cooperate with other Nationalist groups.
